

# Avant Wiring Devices

Designed to instantly transform any interior or room décor, MK Avant delivers an attractive range of wiring devices that also makes decorating simple. Innovative and unique, Avant has slim-line clip-on front plates, concealing the fixing screws, and at only 4mm thick, creates a clean and contemporary look in any room.

Removable front-plates mean painting or papering around a switch or socket can be quick practical and precise.

In addition to good looks and functionality, with the Avant range comes the quality, safety, reliability and the added peace of mind that comes with MK Wiring Devices.

**Available in white, titanium, champagne and charcoal finishes**

Provide a range of products that complement the décor of the finest modern and traditional interiors

**Quality gloss finished durable impact resistant front-plates**

Ensures that the range is durable, tarnish resistant and maintains its stylish and understated appearance

**Core range of sockets, switches and ancillary products**

Mean that Avant is suitable for a wide-range of applications

# Avant Range

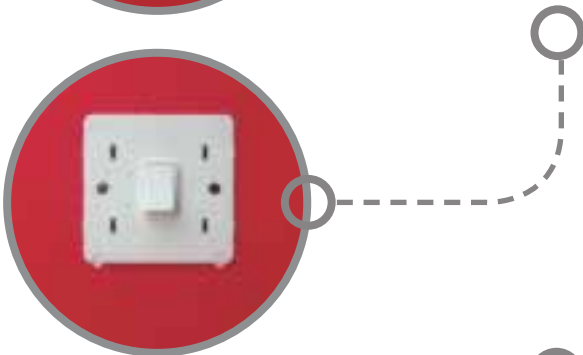

## DECORATING MADE SIMPLE

Unlike traditional wiring accessories, decorating when Avant product is installed eliminates the necessity of unscrewing the accessory from the backbox and disconnection of the electric supply:

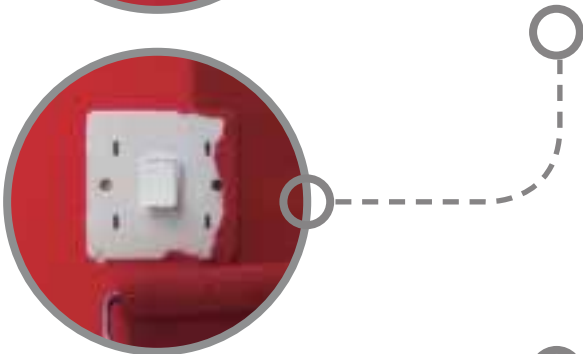

**STAGE ONE**  
Existing front plate.

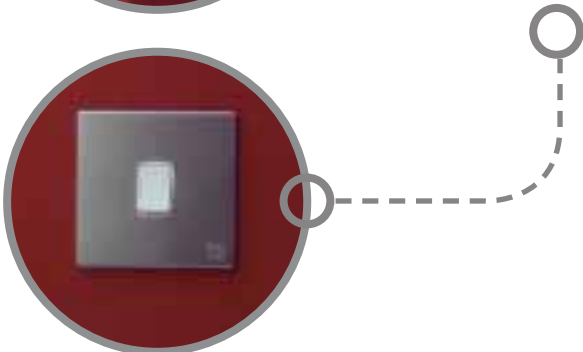

**STAGE TWO**  
Remove the front plate.

**STAGE THREE**  
Decorate as desired.

**STAGE FOUR**  
Clip on the front plate for a  
flawless finish to your wall.

Avant accessories are an exciting addition to the broad MK wiring device portfolio. Designed and developed through invaluable feedback from developers, specifiers, installers and homeowners, Avant further establishes MK's ability to provide a solution to the increasingly broader tastes in interior décor. All with unrivalled levels of service across the board, from product innovation, through to delivery and sales support.
