Disposable Respirator With Adjustable Nose Clips

RS Stock number [751-6763](#)

Description

- Polypropylene outer layer provides smooth lining.
- Elastic head straps, adjustable nose clip and soft-foam nosepiece for comfortable custom fitting.
- For product with exhalation valve, the valve reduces hot air build-up and facilitates breathing under hot and humid environments.
- For product with active carbon, it pre-filters nuisance organic vapours.
- Coloured nosepiece and strap for easy identification:

Colour of nose piece and strap	CE EN149 Classification
Yellow 	FFP1
Blue 	FFP2
Red 	FFP3
