2.00mm DIL Crimp Socket Housing

RS Stock number 842-848

Dimensions - mm

Description:

A range of 2mm pitch square pin connectors for interconnecting board to board. The socket is a box section design with barbs, to locate and hold in an insulated housing. Terminations are available for through- board solder or surface mount in a vertical mounting.

The 0.5mm square plug ins are retained in a moulding, and are available in either horizontal or vertical through – board solder mounting or surface mount.

Connectors are available In single and double row variations. Contacts may be gold/tin, gold or tin plated.
