

## Datasheet

# Aluminium Tool Case with 2 Tool

RS Stock number [3265367](#)

### Description

The aluminium frame case, awarded with "good industrial design" by the International Forum Design organisation is high quality, multi-purpose and elegant. The anodised surfaces and high-quality laminated outer shell make for a harmonic and appealing design. The aluminium frame case is very stable despite being so light, offering easy carrying through its ergonomically upholstered handle. Various models in different sizes are on stock and ready for delivery.

Note: Supplied without tools.
