

• **CLB-HTD-820CP:** Recessed Floorbox with 6 angled, 45 x 45mm Conec2 Module spaces

The CLB-HTD-820CP is an Audio Visual Floorbox designed to accept up to 12 Conec2 AV Connectivity Modules from the 45mm range.

This high quality, strong and discreet floorbox is manufactured in galvanized steel and high impact polycarbonate and features a carpet insert to ensure it remains in keeping with the surrounding décor.

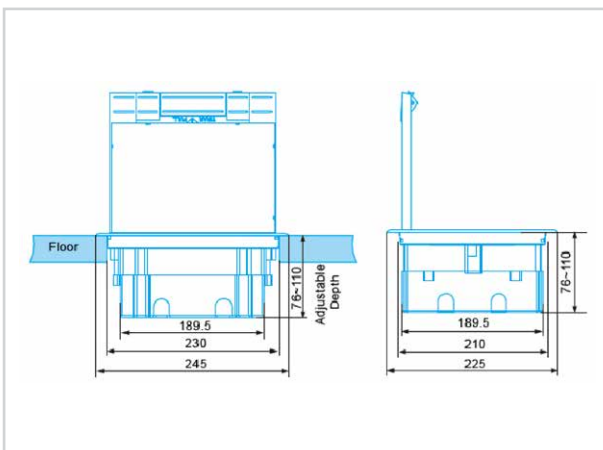

Under the lid, the Conec2 Audio Visual Floorbox features spaces for up to 12 Conec2 45mm AV Modules, from which a huge variety of connectivity modules can be chosen (including HDMI, USB, VGA, RCA, Cat5/6, plus many more).

This allows the installer or end user to design and specify their own bespoke AV Floorbox featuring their individual choice of AV, Data, Telecoms and Power Connectors.

The CLB-HTD-820CP features 6 x 25mm knockouts underneath for cable & conduit access and adjustable fixing clamps for flexible, simple installation.

Features:

- AV Floorbox manufactured from galvanized steel and high impact polycarbonate
- Galvanised Lid insert for extra strength
- Adjustable height clamps for fast, flexible and secure installation
- 8mm deep carpet insert space
- 6 x 25mm knockouts for cable and conduit access
- For use with Conec2 45mm AV Module Range
- Accepts up to 6 x 45x45mm Modules, 12 x 45x22.4mm Modules or a combination of the two
- Huge range of Audio Visual, Data, Telecoms and Power Modules available
