## Datasheet

# On/Off Temperature Controller, 76 x 34.5mm, PTC Input, 230 V ac Supply

RS Stock number 7983404

### Features

- 3 Digits Display
- PTC Input or 2-wire PT-100 Input (It must be determined in order)
- ON / OFF Control
- Adjustable Temperature Offset
- Set Value Boundaries
- Relay or SSR Driver Output
- Operation Selection of Compressor Operates Continuously, Stops or Operates Periodically in case of Probe Defect
- Compressor Protection Delays
- Defrost (Off-Cycle) Function
- Adjustable Defrost Time from Front Panel
- Adjustable On/Off Operation from Front Panel
- Defrost Parameters
- Alarm Parameters
- Adjustable Internal Buzzer According to Defrost , Probe Defect and Alarm Status
- Button Protection
- Password Protection for Programming Section
