RS Pro Silicone Lubricant 400 ml aerosol

Product Details

Silicone Spray

Produces a fine non-drying coat of low viscosity silicone oil

Acts as a water repellent, high temperature lubricant, electrical insulator and mould release agent

Renovates wood, leather and vinyl finishes

Dielectric strength: 16 kV/mm

Dielectric constant: 2.8 at 10 kHz

Volume resistivity: $10^{15} \Omega \text{ cm}$

Working temperature range: -50°C to +225°C

Note

Avoid electrical contacts and motor brush gear.

Specifications:

 **Warning**

Flammable propellant.

Package Size	400 ml
Lubricant Type	Silicone
Application	Electrical Equipment, Mould Release Agent
Package Type	Aerosol
