## Front trim kit for 19in rack case,3U

RS Stock number 179-128

### FEATURE FRONT PANELS

Available in addition to the range of standard 19" front panels, these are unique to the DIPLOMAT case. Manufactured in 3mm etched and anodised aluminium with a high quality surface finish they provide a clean and very attractive frontal appearance.

They may be used both on the front and rear of the case and are fitted into the bezel in place of the trims, and in front of the 19" fixing facilities.

### REAR BEZEL TRIMS

These can be used to hide the case fixing screws when the DIPLOMAT rear panel is not used.

Similar in design to the front trims supplied, but attached from the outside, they allow easy access without having to remove the covers.

These trims may also be used as an alternative to the front trims where access is required.

Supplied as a pair of trims.
