

P-touch 65 (PT-65)

The portable, handheld PT-65 is the newest in the "P-TOUCH HOME & HOBBY" series. It can be taken anywhere to make labels quickly and easily.

The PT-65 is easy to use. It has large 8-character LCD display and familiar style keyboard, and creates adhesive-backed labels for virtually any application from the kitchen to the family room to the home/office.

You can choose from five type sizes, nine type styles, underline and frames. Messages can be printed on up to two lines and can include accented characters and special symbols.
