RS Submarine Pro Stripping Knife

RS Stock number **829-6505**

Overall Length: 172mm

Professional cable knife constructed from high Carbon Steel for the cutting and stripping of cables and cable jackets.

- Will strip cable up to 50mm in diameter and wire from AWG 10-20
- Vacuum hardened to 58-60 HRC for excellent strength and a clean reliable cut
- Precision ground cutting edge for long lasting sharpness
- Serrated tip ideal for stripping cable jackets and the metal guide shoe allows quick straight cutting without the risk of damaging the wires
