

Microsoft WheelMouse

Overview

The easy choice for work or home. The Wheel Mouse offers users a great value in a low-priced mouse. It is a two-button mouse with a wheel that lets you scroll and zoom in all Windows 95 applications. It's also the only mouse in this price range made by Microsoft - so users on a budget don't have to compromise on quality. The wheel mouse is built to last and is backed by a two-year warranty.

Benefits

- Great value. This is the first time anyone has been able to purchase a fully featured Microsoft Mouse in this price range.
- The Wheel Mouse has a scroll wheel similar to the wheel in the Microsoft IntelliMouse. This wheel lets you scroll in all Windows 95 applications.

Microsoft WheelMouse

Standard Features

- | | |
|------------------------------|--|
| Scroll Wheel | Roll the wheel forward or backward instead of clicking on a scroll bar or arrow for a fast and easy way to move through your documents. |
| Two-year warranty | Mice in this price range tend to have either short warranties or no warranties at all. The two-year warranty for the Wheel Mouse gives you the confidence that it will work. |
| IntelliPoint software | Take advantage of Wheel Mouse scroll-wheel features by simply installing the enclosed IntelliPoint software. |
| Strict standards | Get all the reliability you expect from Microsoft's Wheel Mouse is built as a two-button mouse to meet strict standards. |
| Easy setup | Just plug Wheel Mouse into a serial or PS/2 port, and it's ready to use. |
| 30 day guarantee | Return your mouse within 30 days of purchase for a full refund if you're not satisfied with it for any reason. |
