Datasheet

RS Pro 5V dc, 2 Output, USB Switched Mode Power Supply, Plug In Power Supply, 1.3A

RS Stock No: 736-1715

Product Details

RS Pro switch mode power supply has dual USB ports that enable two USB devices to be simultaneously charged. The sliding plug mechanism enables the world USB travel charger to be used in over 150 countries. The world USB travel charger is ideal for charging all USB devices such as mobile phones, tablet PC's, MP3 players, GPS, video player and PDA. This plug in power supply with 2 output, delivers an output current of 1.3 A and output voltage of 5 V dc.

Features and Benefits

- Sliding plug mechanism enabling use in 150 countries
- Dual USB ports allow 2 devices to be charged simultaneously
- Supports new Micro USB mobile phone technology and iDevices (cables not included)

**Specifications:**

Depth	55 mm
Efficiency	80%
Energy Efficiency Level	V
Input Voltage	100 to 250 V ac
Length	55 mm
Line Regulation	±1%
Load Regulation	±5%
Maximum Temperature	+40°C
Minimum Temperature	0°C
Number of Outputs	2
Output Connector	USB
Output Current	1.3 A
Output Voltage	5 V dc
Plug Type	Australia/China, European, UK, US/Japan
Power Signal Conversion Type	AC-DC
Ripple And Noise	±1%
Type	Switched Mode Power Supply
Weight	120 g
Width	53 mm
