

Datasheet

RS Pro 15 Way, Type H Class C3, 2 Row, Straight DIN 41612 Connector, Socket, faston

RS Stock No: **542-4653**

Product Details

RS Pro type H, Class-C3 straight connector is manufactured to meet high quality of DIN 41612 standards. This connector is used for interconnecting all 19 Inch Eurocard racking system. The edge connector provides connection between plug in cards at straight angle to backplane wiring. It has 15 female sockets for precise connection. The design of this contact increases reliability and reduces insertion force, by extending connector life. This edge connector has faston termination and two rows. It is current rated for 20 A. Its typical applications include telecommunications, data communications, measurement and control systems.

Features and Benefits

- Straight connector
- Manufactured to a high quality standard to DIN 41612
- For interconnecting all 19 Inch Eurocard racking system
- Provides connection between plug-in cards at right angle to backplane wiring

ENGLISH

Specifications:

Body Orientation	Straight
Class Rating	C3
Current Rating	20 A
Gender	Female
Maximum Contact Resistance	8 mΩ
Maximum Operating Temperature	+125°C
Minimum Operating Temperature	-65°C
Number of Contacts	15
Number of Rows	2
Termination Method	Faston
Type	H
Standards Met	IEC 60603-2; UL Listed; CSA Certified
