

TECHNICAL DATA SHEET

RS 478-8489 Tape Head Cleaner

RS 478-8489 is a high quality cleaning solvent developed for use on all magnetic tape heads to ensure peak response and high quality reproduction. RS 478-8489 contains a flammable 100% Ozone Friendly blend of solvents.

- Loosens and removes accumulated deposits of dirt and tape oxides.
- Fast drying, leaves no residue.
- Can be used safely on plastics, rubbers etc.

Typical Properties

Appearance:	Colourless Liquid with Characteristic Odour
Density:	0.63 g/ml
Flashpoint:	< -45 C

Packaging

200ml Aerosol

Order Code

RS 478-8489

Application

Spray fluid directly onto the heads to be cleaned. If necessary the head may also be wiped with buds or lint-free cloths saturated in solvent. The solvent will quickly evaporate, rapidly returning the unit to operation.

Product Use

RS 478-8489 is suitable for cleaning magnetic tape heads on video, tape, cassette and audio recorders etc. (Data processing, word processing, computers etc.).

Do not use on live equipment and ensure that all solvent has evaporated before connecting to the power supply.
