64GB

Impressive Professional-Level Speed and Capacity for Capturing High-Quality Images and HD Video

The Lexar® Professional 600x SDXC™ UHS-I card leverages Ultra High Speed (UHS-I) technology to deliver ultimate high-speed performance and reliability, with 600x (90MB/s) minimum guaranteed read transfer speed.* This high-capacity card is an excellent choice for capturing high-quality images and extended lengths of 1080p HD video with your SDXC-compatible camera. The Lexar Professional 600x SDXC UHS-I card is available in 64GB capacity.

Improve Capture, Capacity, and Workflow

Ultimate, Professional-Level Speed and Performance to Dramatically Accelerate Workflow. Designed for professional photographers and videographers, as well as advanced photo and video enthusiasts, the Lexar Professional 600x SDXC UHS-I card leverages UHS-I technology to provide blazing-fast performance and reliability with industry-leading 600x (90MB/s) minimum guaranteed read transfer speed.* This dramatically accelerates your photography workflow so you can save time and get back to the business of photography.

Capture, Store, and Transfer Files at Blazing Speeds. The ultra high speed, Class 10 Lexar Professional 600x SDXC UHS-I card offers industry-leading, high-speed performance. This means that whether you're using mid-range DSLR, HD camcorder, or 3D camera, you'll be able to leverage all the latest photo and video features available for capturing high-quality images and extended lengths of stunning 1080p HD or 3D video. What's more, when you're back in the studio or at your home PC, you'll speed through file transfer or post-production with blazing-fast card to computer file transfer when using a USB 3.0 card reader—getting you back behind the camera faster.

Includes Valuable Downloadable Software. The Lexar Professional 600x SDXC UHS-I card includes the latest version of award-winning Lexar Image Rescue® software. Image Rescue 4 provides reliable recovery of most photo and video files, even if they've been erased or the card has been corrupted.** The software is available for free download with purchase of the card.

Outstanding Performance, Reliability, and Compatibility. The Lexar team works with major camera manufacturers to ensure all Lexar memory cards are compatible with their digital cameras—from the simplest to the most complex. To further ensure compatibility and performance, all Lexar memory cards are tested in the Lexar Quality Labs, facilities with more than 800 digital cameras and memory card devices. The Professional 600x SDXC UHS-I card provides outstanding performance, reliability, and compatibility, and also comes with a limited lifetime warranty and free dedicated professional technical support.

Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, USB flash drives, and portable backup drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.™

Warning: SDXC memory cards are only compatible with devices that support the SDXC format. Use in non-SDXC compatible devices may result in data loss. Contact your device manufacturer for details.

*Minimum 90MB/s read transfer, write speeds lower. Speeds based on TestMetric certified tester. Actual sustained speed may vary depending on host device. x=150KB/s.

**Image or other data recovery is not 100% guaranteed.

Limited lifetime warranty is limited to 10 years from purchase in Germany.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
