## RS Pro Insulated Earth Strap For Use With Enclosure Panel

RS Stock No: **264-9247**

### Product Details

RS Pro insulated earth strap in green and yellow colour, is made of copper provides a low impedance path for RFI generated currents, overcoming the problems associated with the 'skin effect'. It measures of 300 mm and is suitable for use with enclosure panel.

### Features and Benefits

- Tinned copper, flat earth straps fully insulated with a green/yellow sleeve
- Strap provides a low impedance path for RFI generated currents, overcoming the problems associated with the 'skin effect'
- Sleeve meets requirements of UL224 and offers electrical isolation up to 10 kV
- Sleeve temperature range of -55 to +135°C
- Four types from 75 mm long to 457 mm long, each 13 mm wide with 4.75 mm dia. holes punched at each end

**Specifications:**

Colour	Green, Yellow
Dimensions	300 x 13 mm
For Use With	Enclosure Panel
Length	300 mm
Material	Copper
Type	Insulated Earth Strap
Width	13 mm
Flammability Rating	UL 224, VW-1
Insulation Material	Polyolefin
Temperature Rating	-55 to +135°C
