

Datasheet

Connector Cable Assembly, SATA x 4-Pin Molex to SATA 1m

RS Stock number 666-5094

Description:

Serial ATA is a high performance interface for IDE storage devices, and is the evolutionary replacement for the longstanding ATA physical storage interface.

- Can be utilized alongside the existing PC architecture without the need for physical modification
The thin serial ATA cables also significantly improve airflow within a computer's chassis
- Data transfer rate up to 3.0 Gbit/s
- High quality combo-cable for SATA HDD
- 4 pin cable with ground wire for data transfer
- 4 wire for the power supply (with adapter 5.25" power connector to SATA power connector)
- Connectors: SATA power and data connector to 7 pin SATA data and 4 pin 5.25" power connector

Specification:

Area of application :	Internal
Cable composition:	SATA
Cable shielding:	Not screened
Length:	1m
Max. bandwidth:	3 Gbit/s
Product group:	Cable
Conveyance good:	No
side 1 connector:	SATA Male 7 pin + 4pin Molex
side 2 connector:	SATA Kombi - Male
Technical particularity:	Connection to standard power supply
