

## ADAPTABLE AND ROBUST COLUMN PROTECTOR

### 1 Materials

Manufactured from toughened polyethylene, UV stabilised for extended longevity when used externally.

### 2 Recycled

Black units, made from 100% reprocessed PE, can also be supplied.

### 3 Size Options

The units are sold with either a 100mm or a 200mm aperture to suit different size columns.

### 4 Lightweight

Each column weighs just 12.75kg, making them convenient for carrying to the column and then setting them up around it.

### 5 Adaptability

3 x 35mm red webbing straps allow 20cm aperture style to encase larger girders, due to generous length of strap.

### 6 Reflective

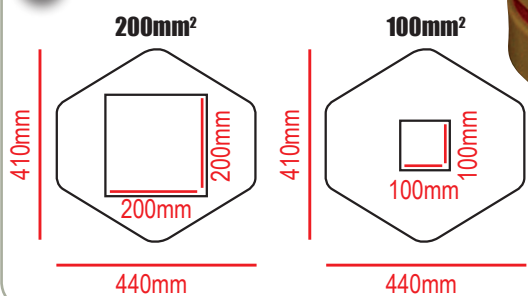

70mm x 250mm reflective patches for added visibility in low light conditions.

### 7 Security

Units incorporate interlocking connectors giving added security when assembled.

### 3 OPTIONS FOR SIZE OF APERTURE

#### Available Options for Column Protector

Colour	Aperture Size	Code	Height
