

### Warehouse and pipe labelling, thermal transfer

#### Helatag 1213

Identification of storage systems with barcode and location information. Coloured labels for general marking of parts and components, samples and blocked goods in quality assurance, storage boxes and barrels.

The specially formulated adhesive labels give the highest quality print clarity when printed on thermal transfer printers. The range of materials and ribbons have been developed to suit the needs of most users.

Designing and printing labels is simple and users can quickly print out professional labels in a matter of moments when using TagPrint Pro labelling software.
