# Wire Identification Products

3M™ ScotchCode™ ScotchCode Identification Systems give you dozens of ways to mark your product. The 3M line includes dispensers, preprinted numeric and colored tape, write-on books and tags, and computerized systems of markers. You have the choice of pressure-sensitive adhesive, self-laminating adhesive or heat-bonding adhesive — whichever is best for your needs.

Use these products for marking wire and cable of all diameters, distribution panels, repair and replacement parts, wires and hoses in motorized vehicles, terminal strips, motor leads, sub-motor leads, sub-assembly leads, control panels and much more.

3M™ Dispensers

Wire Marker Tape Dispensers STD

260

These compact Scotch-Code wire marker tape dispensers STD provide fast, convenient marking of wire and cable. Ten refillable compartments let you choose the exact number/ letter combinations or colors needed. The dispenser is easy to use and easy to carry. The rolls are easy to cut with little waste. There is a broad selection of SDR tape refill rolls.
