

WHY CHOOSE R-KIVE® FROM FELLOWES?

- Fellowes began with archival storage products over 90 years ago and is a market leader in branded archival storage in USA, Canada and the UK.
- The extensive range includes innovative, storage units, traditional boxes, magazine files and transfer files to offer a full solution for filing and storage.
- Many products in the R-Kive range are available on a Pan-European basis allowing consistency across Europe. This also means that commercial users can specify standardised document management systems for Europe. Products are suitable for commercial and consumer use, available in a range of pack formats.

R-KIVE FEATURES AND BENEFITS AT A GLANCE

STRENGTH

Storage units stack up to 7 units high

Boxes stack up to 4 units

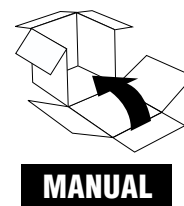

Boxes stack up to 3 units

* For stacking height of other products within the ranges please refer to modular compatibility charts

SPEED

Automatic assembly - Over 4 times faster than manual

Manual construction

ENVIRONMENTAL BENEFITS

All R-Kive products are made from 100% recycled board

All R-Kive Earth Series and Transit corrugated products are made from FSC certified 100% recycled board.

All inks are water based

YOUR STORAGE NEEDS

All R-Kive ranges are designed to be modular storage systems. Refer to the modular compatibility charts in each range introduction to select the product that best suits your needs.

STRENGTH YOU CAN COUNT ON™

The Total Document Management System

High quality, extra strength filing and storage products.

Selected products feature Fastfold™ construction enabling quick and easy assembly.

The range is compatible with conventional filing products.

100% recycled board
100% recyclable

Printed with water based inks

This attractive, modular system offers the following benefits:

A modular system, tailored to meet individual needs:

There is an R-Kive System product for every stage of a documents life. All products within the system are compatible, allowing you to develop a system to suit your personal needs.

No need to waste time re-filing for long term storage:

Attractive R-Kive System will not look out of place in the office, and when a file is full, simply transfer into a box, drawer or stax file store.

Optimises use of space:

Selected items are suitable for stacking, providing compact, multi-level storage.

Ideal for use at home, in the office, or on the move:

Suitable for use in the home office, at work, or on the move between home and work for transferring files and paperwork.

Filing and Storage Products that don't cost the Earth

R-Kive Panda products are produced in co-operation with WWF and for every product sold a contribution is made. WWF works to conserve endangered species like tigers and whales; protect endangered spaces like forests and savannahs and addresses global threats to the planet such as climate change and toxic chemicals.

Fellowes has supported WWF since 1994 and has donated in excess of £500,000 towards its crucial work.

The Natural Choice

Basic strength filing and storage products

The range is compatible with conventional filing products

100% recycled board
100% recyclable

Printed with water based inks

Filing and Storage Products that don't cost the Earth

All R-Kive Earth Series corrugated products are made from FSC certified 100% recycled board and are 100% recyclable. All inks used are water based and adhesives used are solvent free.
